

# **NKT International Fall Festival Brazil 2010**

## **Children's Conditions of Stay**

Children are welcome to attend the Festival, but because of the nature and scale of the event we ask for the following conditions to be observed to ensure the safety and welfare of young attendees. Once a young person is 16 years of age they are classed as an adult for Festival attendance purposes.

- 1. Child safety and welfare:** Children are welcome to attend the Festival but please be aware that this is a large scale event and that the care and safety of children is always the responsibility of their carers. For the safety of all children who attend the Festival two adult carers must be named and children must be supervised at all times by one of these carers. **The safety of children is paramount and for this reason we regret that unsupervised children cannot be allowed to remain at the Festival.**
- 2. Accommodation:** **Children aged 3–15 years are charged half price, and there is no charge for those under 3 years of age.** We regret we are unable to book children into shared accommodation with adults other than their parents/carers for their safety and welfare.
- 3. Passes:** To ensure that children are protected and easily reunited with their carers in case of difficulties arising, children's passes will display photographs and names of both carers. To make a valid booking for a child **you must send two passport sized photographs of each carer for each child.**
4. The child's booking will not be confirmed until we have received the necessary photographs. You are welcome to email digital photographs. Children's passes will be prepared by Festival Registration prior to your arrival. It is essential that we receive the photographs so that we can confirm your child's booking. If your booking is not confirmed you may not be able to register your child for the Festival on arrival.
- 5. Teachings:** We regret that children under 3 are not allowed in the Temple during teachings, including reviews and meditation sessions. Children attending Teachings are not permitted to play electronic games. Children of all ages are welcome to attend puja.
6. During teachings, reviews and meditation sessions, we will provide a video link reserved for carers with children.

7. **Child care:** Due to the large number of children attending the Festival and the constraints of insurance on this large and open site we regret that NKT-IKBU is unable to provide childcare during the Festival.
