**Venerable Geshe Kelsang Gyatso Rinpoche**  
The Founder of the New Kadampa Tradition  
- International Kadampa Buddhist Union

This brochure features the major international events and developments of modern Kadampa Buddhism for 2018 - all of which arise from the immeasurable kindness of Venerable Geshe Kelsang Gyatso Rinpoche.

Venerable Geshe Kelsang is a renowned contemporary meditation master and holder of the Ganden Oral Lineage of Mahamudra who has pioneered the introduction of modern Kadampa Buddhism into contemporary society.

He is highly regarded as a fully accomplished scholar and practitioner of Kadampa Buddhism who over the last forty years has given thousands of teachings, composed twenty-three widely acclaimed books on Buddhism and meditation, established over a thousand meditation centres, trained hundreds of qualified teachers and developed practical study and meditation programmes to suit the needs of the modern world.

It is Venerable Geshe-la's clear belief that people of these times can develop pure compassion and wisdom, make authentic spiritual progress, liberate themselves from suffering and eventually achieve full enlightenment.

Motivated by this belief and his immense compassion he has worked tirelessly to provide all the necessary conditions to make this possible in this and future generations.

'My dedication is to benefit the people of this modern world through spreading Kadam Dharma.'

Five-tiered Design for the New Temples

# NEW TEMPLES FOR THE WORLD

To provide a global infrastructure for the continued growth and development of modern Kadampa Buddhism, Venerable Geshe Kelsang Gyatso Rinpoche founded the International Temples Project (ITP).

The scope and activities of the ITP are constantly evolving in response to the needs of the ever-changing demands of busy lives. It presently achieves its aim through developing and building traditional and non-traditional temples, meditation and retreat centres,

and through the activities of World Peace Cafés and Tharpa Publications. Venerable Geshe-la's vision is to create a temple in every city throughout the world. That vision is increasingly becoming a reality as each year sees the opening of more temples.

'A temple symbolizes the attainment of enlightenment, which is the ultimate goal of human life. It is a precious, holy object that reminds us not to waste our life on meaningless activities but to apply effort to attain the supreme happiness of enlightenment.' Venerable Geshe Kelsang Gyatso Rinpoche

Under the auspices of the International Temples Project (ITP), a number of new traditional style temples are now planned for various locations around the world. These new temples are being constructed using a new five-tiered design. The IKRC Grand Canyon Temple is scheduled to open in 2019.

## The Mirror of Dharma

How to Find the Real  
Meaning of Human Life

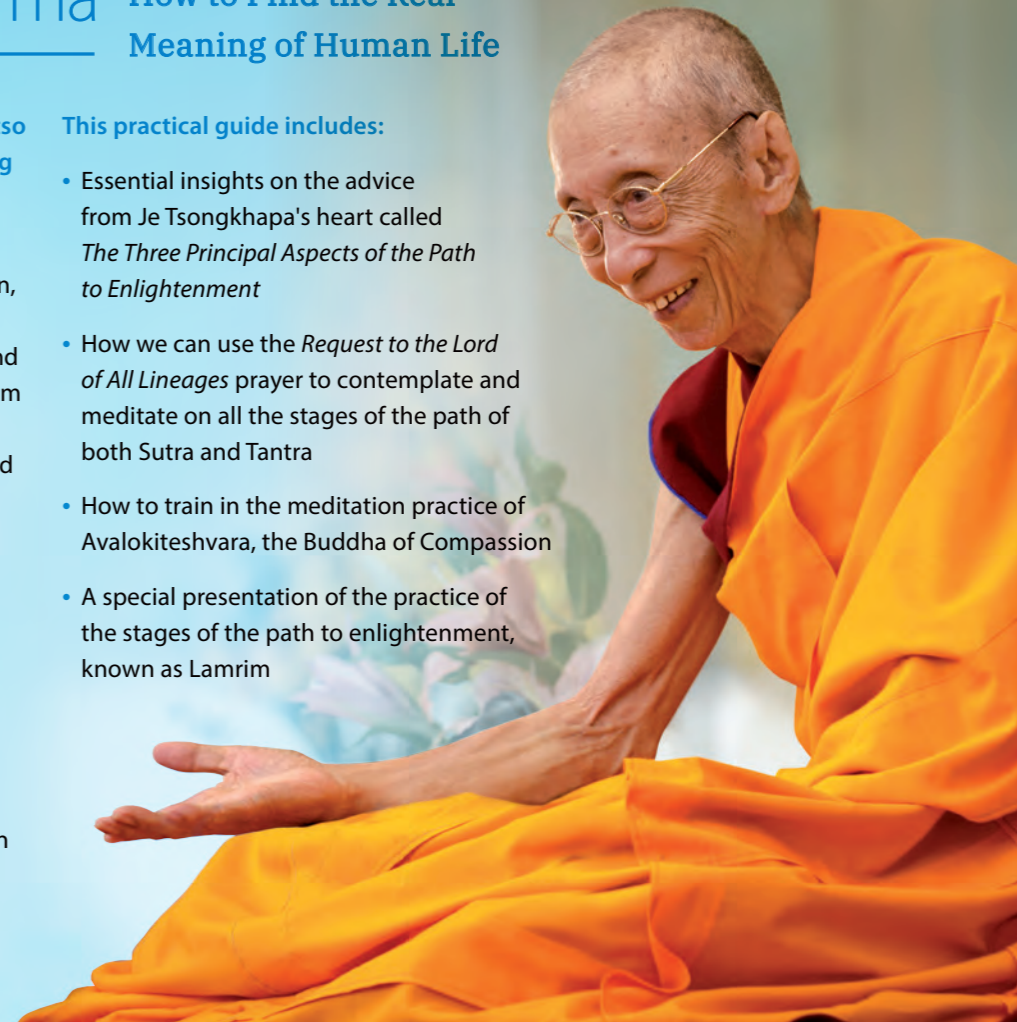

A new book by Venerable Geshe Kelsang Gyatso Rinpoche available at the International Spring Festival 2018

In this practical guide to the Buddhist path, Venerable Geshe-la, as he is affectionately known, gives a special presentation of the essential practices of Buddha's teachings of both Sutra and Tantra. Based on his deep experience gained from a lifetime spent in meditation, and inspired by the unsurpassed teachings of Je Tsongkhapa and the oral instructions of the *Ganden Emanation Scripture*, the author gives personal advice from his heart on how to make our human life meaningful, to learn how to be happy all the time and to solve our daily problems of anger, uncontrolled desire, ignorance and so forth.

Using a mirror we can improve our physical qualities, and using the mirror of Dharma we can improve our inner qualities by developing cherishing love for all living beings, compassion for all living beings and loving kindness for everyone until we attain the ultimate good quality of enlightenment.

This practical guide includes:

- Essential insights on the advice from Je Tsongkhapa's heart called *The Three Principal Aspects of the Path to Enlightenment*
- How we can use the *Request to the Lord of All Lineages* prayer to contemplate and meditate on all the stages of the path of both Sutra and Tantra
- How to train in the meditation practice of Avalokiteshvara, the Buddha of Compassion
- A special presentation of the practice of the stages of the path to enlightenment, known as Lamrim

# WORLDWIDE FESTIVALS AND CELEBRATIONS

GLIMPSES OF WORLD PEACE

# COMMERCIAL SPACES

Bringing Dharma to the heart of the community - meditation classes where you live and work

By converting downtown commercial spaces into urban temples the International Temples Project is making practical Buddhist teachings and meditations available in the heart of the local community

As this project rapidly expands, people from every continent are able to enjoy the benefits of modern Kadampa Buddhist Centres where they live and work.

These innovative centres offer a range of programmes from lunchtime and after-work meditations to regular evening classes and day courses.

They also provide a community focus for local people including families and children.

To find a centre near you visit [kadampa.org/map](http://kadampa.org/map)

Venerable Geshe Kelsang Gyatso Rinpoche emphasizes the importance of retreat for taking Buddha's teachings to heart and gaining authentic spiritual realizations.

For this purpose he has encouraged the development of International Retreat Centres (IRCs) around the world.

The International Temples Project is actively developing these centres in many countries and has already established them in Germany, USA, Switzerland, Spain and Brazil, with many more planned for the future.

*'In retreat we can change our normal, ordinary intention, view and action through our own power by controlling our own mind.'*
